2023 Independent Plant Breeders Conference

October 23-25, 2023

Brought to you by Plant Select®

Held at Denver Botanic Gardens

Plant Select is excited to host the Independent Plant Breeders Conference from Monday evening, October 23 through Wednesday, October 25 at Denver Botanic Gardens. Please plan to join us for tours and educational sessions on plant breeding, bringing selections to market and market trends.

The conference is designed for green industry organizations, agencies, businesses, professionals, educators, growers, researchers and individuals actively working to breed and market new plant introductions.

Please consider becoming a 2023 Independent Plant Breeders Conference sponsor!
Here's your opportunity to highlight your company or organization by becoming a featured sponsor of the conference. As a sponsor, you will be promoting your business or organization to an incredible group of attendees who are passionate about bringing new plants to market. Sponsorship is a great way to showcase your support for independent breeders. Sponsor opportunities range from $1000 to $5,000. Plant Select, this year's host, is a 501©3 organization and sponsorships are tax-deductible. Please join us by filling out and returning the attached form.

Please consider sponsoring the plant breeders of tomorrow
Opportunities to become a successful plant breeder are growing, and many budding horticulturists and students miss out on essential industry networking. Let's work to keep these potential breeders inspired by contributing an additional amount to sponsor scholarships ($500 or more) and thereby maintaining the future flow of new plants and fresh ideas coming into ornamental horticulture.
