XERISCAPE DESIGN SOLUTIONS

FOUR SEASON SENSATION

This garden represents a partial conversion of lawn to garden. Reshaping the existing lawn using a curvilinear approach adds flow and movement. Ornamental and coniferous trees provide height, shade and winter interest without interfering excessively with the views. This once water-hogging space is now a lush garden with plants that provide four season beauty, color and interest; thrive in low-water, clay soil and full sun conditions; and attract butterflies and hummingbirds. Drip irrigation and organic mulch, along with proper plant selection, aid in long-term water conservation.

PLANT LIST:

All plants are Plant Select® plants
