Who We Are

Plant Select® is a nonprofit collaboration of Colorado State University, Denver Botanic Gardens, and horticulturists from around the world. As the country's leading source of plants designed to thrive in high plains and inter-mountain regions, Plant Select® provides gardeners with smart, stunning and successful gardens by selecting plants which use less water and fewer resources and have a more positive environmental impact.

Plants chosen for the program undergo a rigorous seven-point selection process:

- Thrive in a broad range of conditions
- Flourish with less water
- Tough & resilient in challenging climates
- One of a kind / unique
- Disease / insect resistance
- Long-lasting beauty
- Non-invasive

Why Join?

Plant Select® exists because of our members. We could not do the research, trialing and testing of plants without our members' support. The end products of this unique collaboration are the benefits to the consumer. Gardeners of all levels can have beautiful, thriving gardens they can truly be proud of. Retailers and landscape professionals benefit from helping customers succeed, in turn helping their businesses flourish and grow.

Benefits of Membership

- Listing on the Plant Select® website with a link to your business
- Unlimited educational brochures
- Colorful signs, banners, and bench tape
- Publicity in articles, press releases, and paid advertising
- Access to the Plant Select® website Press Area (downloadable display cards, high quality images and more)

Membership Options

Become a member in as many categories that apply. Pay full price for the first and get all additional listings at half price.

For example, if you're a retailer but also sell wholesale, pay regular price for the retail membership and receive the wholesale listing at half price. If you're a retailer offering landscaping services, receive the landscape listing for half price.

Term of membership is Jan 1 - Dec 31, and is renewable annually.
